In the event that Advances are used for Agricultural Product(s) other than those listed in this Assignment Agreement, the details of any applicable policy shall be provided to ACC promptly and such policy shall be deemed to be immediately assigned to ACC in accordance with the terms herein. If the Producer's anticipated crops to be planted changes and the confirmation of planted crops is obtained, the confirmed planted crop used to grant a second loan advance. The Assignor expressly provides ACC with authority to automatically request the assignment for this crop without written authorization of the Assignor and further provides ACC with the authority to request that the applicable BRM Administrator acknowledge such deemed assignment (e.g. Confirmation of Seeded Acres differs from anticipated acres advanced at 1st stage).

- f. - g. If it has not already been done, the Producer(s) authorizes ACC to register or otherwise perfect/publish the security in accordance with the laws and regulations of the province (i.e. PPSA) where the Agricultural Product is located on the Advance issued to the Producer. For greater clarity, the Producer agrees, understands and authorizes ACC to register financing statements at such provincial Property Security registries. The Producer hereby waives all rights to receive from ACC a copy of any financing statement or confirmation statement issued at any time respecting ACC's security interests;

- h. The Producer shall have insurance on the entire Agricultural Product for which the Advance was made to the full extent of the Advance, for all insurable perils, until the Producer's liability is repaid. The Producer further agrees that any payout of this insurance will first be used to repay any outstanding Advance;
- i. If the Agricultural Product or a portion of the Agricultural Product for which an Advance was made ceases to be in marketable condition, through no fault of the Producer, the Producer shall immediately inform ACC and the Producer becomes liable to ACC for the portion of the guaranteed Advance, together with outstanding interest on the interest-bearing portion from the date of the Advance, that is attributable to the unmarketable portion of the Agricultural Product;
- j. For all Advances issued under this Agreement, the Producer must inform ACC of any changes to the security coverage on their Advance. ACC must then recalculate the Maximum Eligible Advance which may be used as a trigger for an Overpayment.

ACC or its authorized agents have the right to perform a credit check ("Producer Loan Credit Review") on the Producer or on any of the Producer's Partners/Shareholders/Members at any time during the term of this Producer Loan Agreement. ACC reserves the right to decline any Applicant. If declined, an appeal process is available by a person or persons, not involved in the original decision;
- b. **Inspection and Audits** - Any Person that participates in the Program as a Producer is subject to an inspection and/or audit that may be conducted in relation to the Program for the enforcement of the rules, Terms and Conditions of the Program. An inspection may be conducted by the Minister, ACC, the Minister's or ACC's respective delegates between normal business hours and any time while the loan is outstanding, and to request the Producer repays shortfalls within thirty (30) calendar days. Where an inspection and/or audit takes place, the Producer will provide reasonable assistance. This includes allowing an inspector or auditor access to any person, place or thing required for inspection or auditing purposes. Any Person that participates in the Program as a Producer will provide all requested information within ten (10) Business Days of the request being made by the Minister or the Administrator, including their respective delegates, unless more time has been provided in the request. Refusal of an inspection or audits will result in an immediate default.

- a. A \$1,000 Administration fee will be deducted from the initial Advance of a Program Year for administrative services (e.g. receiving and processing applications, credit checks, lien searches, lien registrations);
- b. Non-Sufficient Funds (NSF) payments will be charged a \$100 NSF Administration fee at time of occurrence and added to your loan balance;
- c. Any request for mailed documents (statement, application, etc.) will incur a \$5 fee to your total loan balance. Online and faxed submissions are free. Any costs incurred by ACC for couriering documents at your request will be added to your loan balance;
- d. A minimum Late Payment Fee of \$300 up to a maximum of 3% of the outstanding balance as of thirty (30) days after default will be charged where the Producer has defaulted on making a payment owing under the Producer Loan Agreement;
- e. A refundable 2% holdback will be deducted from all loan advances (interest will not be charged on holdback); and
- f. A non-refundable 0.4% 'Producer Contingency Fee' is deducted from all loan advances, deposited to a contingency pool of funds, and may be applied against uncollectable loans.

7.0 Issuance of the Advance

- a. Issuance of the Advance: In all instances, the Producer must have sufficient security available (e.g. Production Insurance) related to the Agricultural Product to justify the Eligible Advance in accordance with the amount requested by the Producer. ACC must obtain the Assignment of such security prior to executing this Producer Loan Agreement. Once confirmed, ACC shall then make an instalment of 60% of the estimated Eligible Advance on the Agricultural Product, as specified in this Application, using the applicable Advance Rate and Calculation Worksheets from ACC's Product & Rate List available on ACC's website @ www.agcreditcorp.ca.
